

STUDENT APPLICATION FORM FOR AP CALCULUS I OR II

Due: February 15, 2018

Return to: Mr. Enderton

Step 1 - For the Student

- Student's Name _____ Grade (next year) _____
- AP Calculus course for which you are applying ___ I ___ II
- Your current math course is _____
- I understand that by registering for AP Calculus I (AB) that I will:
 1. Attend one required zero hour class each week in addition to the regularly scheduled hours
 2. I will take the AB portion of the Advanced Placement test in May as a requirement of the course.
- I understand that by registering for AP Calculus II (BC) that I will take the BC portion of the Advanced Placement test in May as a requirement of the course.
- I understand that success in this course does not come without effort, time commitment, and a mature approach to learning. I understand that it is my responsibility to complete assignments, daily and otherwise, in a timely manner. I understand that it is my responsibility to ask questions and seek help from the instructor when concepts become unclear.

Step 2 - For the Parent

- Check one of the following:
_____ I have read the student section and I strongly support my child's decision to apply for AP Calculus I or II
_____ I have read the student section and I support my child's decision to apply, though I am concerned about my child taking on too much with academics, sports, job, etc.
_____ I have read the student section and at this time I do not support my child's decision to apply for AP Calculus.

Step 3 - For the student and Parent

- In order for this application to be processed, both the student and parent must sign on the lines provided below.

We, the undersigned, are making formal application for AP Calculus. We understand that this is an application form only and does not guarantee enrollment in the course.

(student signature)

(parent signature)

(date)

Step 4 - For the Student

- After this form is filled out with the proper signatures, return the form to Mr. Enderton.
