

MA Technology System Definitions

1. **RORS - Redhawk Online Registration System** - This is a homegrown software system that is used for many purposes. Parents use RORS to complete online forms, including back-to-school/medical information, athletics sign-up, Upper School class registration.
2. **MyBackPack** - This is the system that MA US faculty/admin uses for things such as grade books, attendance recording, posting progress reports and enrollment. Parents use MBP to complete enrollment / re-enrollment contracts for your student, as well as make biographical changes (address, phone, email, etc)
3. **Schoology** - Schoology is a learning management system used by the Middle School. Students are able to access their grades, submit completed assignments, and interact through discussion threads or messages. Parents can view their student's assignments, grades and upcoming events.
4. **FACTS Tuition Management** - Use FACTS to make tuition and extended day payments.
5. **Food Service Deposit** - Use myschoolaccount.com to deposit money into your student's lunch account.
6. **Redhawk Referral** - Earn a \$500 referral credit for each family referred to us.
